

No Spring Buffer Sponge Pad(ø15)

ZP2 Series

How to Order

- Buffer rod is made of stainless steel.
- Pad with sponge.
- No spring buffer, reset by itself.
- Applied in solar energy industry.

ZP2 ① Vacuum inlet direction **Y** ② Pad diameter **15** ③ Material **E** ④ Buffer specification **J** ⑤ Buffer stroke **15** ⑥ Vacuum inlet **B5** ⑦ Connection thread **A10**

① Vacuum inlet direction	
Y	Lateral

② Pad diameter	(mm)
15	ø15

③ Material	
E	Sponge

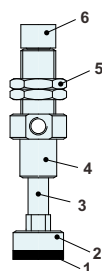

④ Buffer specification	
J	Rotating

⑤ Buffer stroke	
15	15 mm

⑥ Vacuum inlet	
B5	M5 x 0.8

⑦ Connection thread	
A10	M10 x 1.0

Construction

No.	Description	Material	Note
1	Pad	EPDM	
2	Adapter	Aluminum alloy(Clear anodized)	
3	Piston rod	Stainless steel	
4	Buffer body	Stainless steel	
5	Nut	Brass(Electroless nickel plating)	
6	Buffer adapter	POM
